DE GEOLOGISCHE TIJDSREIS VAN NL

Source: de Ja

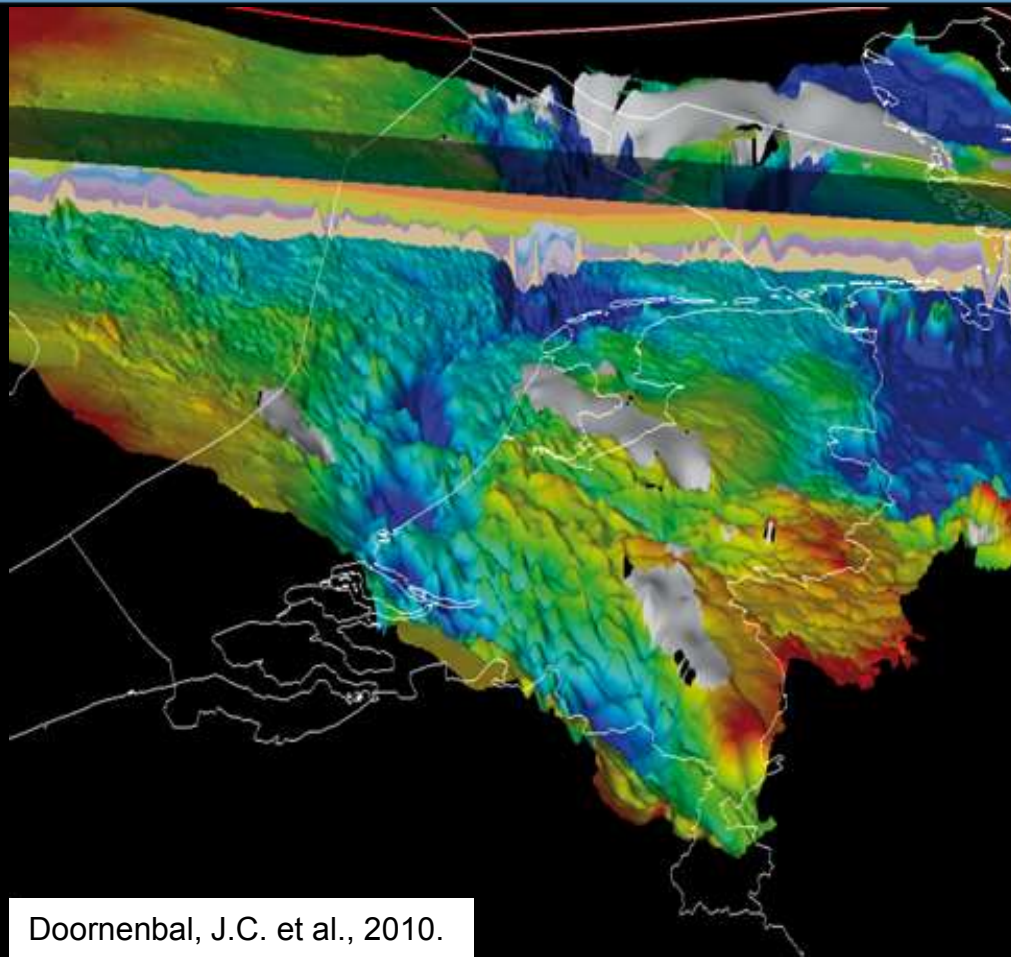

A photograph of a pregnant woman's bare midsection. A hand is shown palpating her right side. An ultrasound image is overlaid on the left side of the image, tilted at an angle. The ultrasound shows a fetus in profile. Text on the ultrasound printout includes: "Pregnancy 23-02-2008-0007", "Hindje Lender 23 wk", "Dr. J. P. van der Velden MD", "2004-2007 / Qm 78933 / 63346", "Fetal / Fetus", "10/11/2008".

'CONVENTIONELE' DIEPE GEOTHERMIE

A nighttime photograph of a city street. On the left is a multi-story brick building with many lit windows. On the right is a modern building with a curved glass facade. A curved pedestrian bridge or walkway runs across the middle ground. Long, horizontal green light trails from a moving light source are visible across the scene, creating a sense of motion.
